Cycle & Cruise

OF THE

British Isles

A fantastic opportunity to cycle some of the best cycle tracks in Britain mostly using the National Cycle Network (NCN)! The NCN was established to encourage cycling throughout the United Kingdom, and it now used by 4.4 million people with over 20,000 km of cycle paths. On this cruise in each port of call we will be met by our coach and will transfer to a fantastic cycle track, many of which are the best cycle tracks in Britain. Each day you are provided with a bike and have an option of a shorter section or a longer section of the days ride. All of the rides have the spectacular scenery of the United Kingdom countryside on show. An easier section might be approximately 30km, which would take three to four hours of easy riding. A harder ride might be 50 to 60km, which would take approximately five hours. Some days we will ride in the morning and enjoy a sightseeing tour in the afternoon. The rides will be looked after by a tour manager who is contactable by phone and will come and pick you up if you need it.
